## Connecting security devices to monitoring central

- Choose your own CMS supplier or utilize our cloud based applications
- Very low cost
- Very high scalability
- Support of multiple digital communication standards
- Example locations: compounds, resorts, high-rise buildings, hotels, alarm centrals
- Examples to monitor: fire, burglary, signal strength, lost connections, defects, batteries, access, service tasks
- Examples of staff: external security companies, on-site guards, reception, clerks, secretary
- Graphics, dashboard and algorithms to fit your devices
- Ready to use, tailoring on the fly
