COSESY

- Developers of security systems
- Improves your hardware and software
- Knows how to earn on cloud and IOT
- Lifetime services to end-users

Secure your home with hands-free help from the Google Assistant.

- Coseasy knows how to adjust the hardware, apps, cloud and features to get it all working with the Google Assistant
- Coseasy was one of the first to integrate a security system with the Google Assistant
- Voice control of power switches and alarms is expected by end-users these days
- Integrates with everyday routines. "I'm home", "I'm leaving", "Goodnight"
- End-users can easily integrate other brands of smart-home gadgets working with the Google Assistant. Such as cams, locks, and light bulbs to control the hue
- Speak to your car: "Protect my estate" - to close the garage, turn lights off, arm the alarm, activate cams..
