With Cosesy Cloud™ customization of alarm systems is easy. Three levels ranging from easy startup using our 'IP alarm' brand to a deep customization of the complete system. We adapt to your brand and business model.

Easy start up with 'IP Alarm'

Order today, sell tomorrow....

IP Alarm is our generic brand for small entrepreneurs and start-ups. With 'IP Alarm', you can start with only 6 systems.

VIEW MORE

Expand with your company brand

Add your company's brand on the packaging…

OEM services for alarm hardware starts at an order size of only 25 alarm systems.
